## Mariam Hassan

### Biosketch

Dr. Mariam Hassan works as a clinical researcher at the Clinical Research Office of Shaukat Khanum Memorial Cancer Hospital & Research Centre, Lahore. Her main areas of work are chiefly, clinical trials relating to cancer treatment and genetics research. Research related teaching is also part of her routine work and she is the module leader for a graduate programme (BSc Hons) being conducted at her current workplace in collaboration with University of Bradford (UoB) UK. She is also responsible for coordination of collaborative research with international research groups such as International Network of Cancer Treatment and Research (INCTR) and Catalan Institute of Oncology (ICO) etc.

Dr. Hassan is part of her hospital's nationwide cancer awareness campaigns. She has completed a Postgraduate Diploma in Biomedical Ethics from CBEC, SIUT, Karachi. She currently runs a research ethics training programme for trainee residents, fellows and research scientists at her current workplace. She is a member of the hospital ethics committee and also a moderator for its educational activities aimed at creating sensitization about medical ethics issues amongst hospital employees. Her research interests include ethics of clinical research in a developing country and palliative care.
